Smarter scheduling that helps you run a better team.

Homebase helps you optimize your schedule, adapt on the fly, and ensure your team is in sync.

Instantly share your schedule with your team.

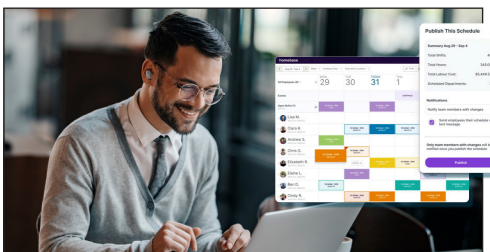

You never have to wonder if your team has the latest version of the schedule.

- Publish a schedule and your team is instantly notified in text, email, and the app.
- The up-to-date schedule is always in their pocket in our free mobile app for iOS and Android.
- They get alerts for any changes.
- You get to confirm that they have seen the most recent schedule.

Build your perfect schedule.

Homebase can help you create an optimized team schedule so you don't have to spend hours manually scheduling.

- Use templates or auto-scheduling to optimize your shifts.
- Track availability and time off to avoid scheduling conflicts.
- Get alerts to avoid overtime.
- Build schedules in line with your sales forecasts and labor targets.
- Post open shifts for employees to claim.
